BIO-TORQ Drain TORQ

A premium product that eliminates organics found in urinal and drain lines Eliminating stale urinal odours 100% naturally

BIO-TORQ Drain TORQ is an aesthetically pleasing, well-designed product that will provide exceptional performance in keeping urinal systems and toilets odourless and trouble free - a must for the hygiene eco conscious person, hygiene cleaning contractor and green building owner. The product contains no harmful chemicals and no paradichloro-benzene (a substance banned in most USA states since 1st January 2009).

BIO-TORQ Drain TORQ degrades and eliminates organics found in the urinal, toilet and drain lines. Regular use of BIO-TORQ Drain TORQ maintains a cleaner and odour-free system. It maintains effective microbe and enzyme activity in septic systems by eliminating odours caused by incomplete digestion of malodorous volatile fatty acids. Regular use of BIO-TORQ Drain TORQ will significantly reduce build-up of uric acid crystals in the plumbing, keeping plumbers bills to a minimum, while reducing odour.

The BIO-TORQ Drain TORQ will penetrate cracks, crevices and pores of surfaces where organics accumulate, removing the organics (VOC) to leave a visually cleaner surface. Provides long-term odour control, removing the organics that cause odours and prevents the return of odour-causing compounds.

DATA SHEET

Features

- A stable consortium of safe Bacillus spores
- Production of multiple enzymes providing a wide range of degradation capabilities
- A synergistic blend that works in concert to provide superior performance across multiple applications
- Excretion of high levels of amylase, cellulase, lipase and protease enzymes
- Ability to work under aerobic and anaerobic conditions

PRODUCT CHARACTERISTICS

- Heavy Metals: less than 50 ppm
- Aflatoxins: absent
- Antibiotic Activity: absent
- E. Coli: absent in 0.1g
- Total Bacterial Count: not less than $7,8 \times 10^8/g$

RECOMMENDED APPLICATION/FEED RATE

Urinals – Drain TORQ will last 2000 flushes or 30 days. Simply replace unit when required. Our BIO-TORQ General Purpose Cleaner works very well as a urinal cleaner and compliments the cleaning efficacy of the Drain TORQ when used daily.

BEFORE treatment

14 Days AFTER treatment

BIO-TORQ General Purpose Cleaner ready to use spray may be used in conjunction with BIO-TORQ Drain TORQ as an ideal combination to eliminate odours, and keep the urinal smelling fresh.

PRODUCT AVAILABILITY:

BIO-TORQ Drain TORQ are available as a single disc in an aesthetic dome that is durable, will not discolour and is easily installed – just place it in the centre of the urinal.
